Judge/Executive Gary Moore said, “We’re excited about using this technology to provide additional access to residents. We currently broadcast on cable but streaming online gives residents another option to observe the Fiscal Court meetings if their schedule doesn’t allow them to attend or they don’t have cable television.”

The schedule for Fiscal Court meetings is located online via the county’s webpage. Select “Quick Links” then “Community Calendar” for a list of the upcoming Fiscal Court meetings.

Anyone interested in watching the meetings online should visit the county’s webpage and click on the link “View Fiscal Court Meetings Live” at the top of the page.
