### Public to Get First Look at Future Soccer Complex

After a year of planning, the Steering Committee for the proposed soccer complex at the former Valley Orchard Farm on River Road in Northern Boone County will hold an open house and presentation next Wednesday, December 17<sup>th</sup> from 6:00 pm to 9:00 pm at the Claxon Room at the Boone County Cooperative Extension Offices at the corner of KY 18 and KY 237 in Boone County.

Members of the Steering Committee, consisting of representatives of the three major soccer organizations in Boone County, along with representatives of the County and representatives of Clough Harbor Sports will be available to answer questions, take comments and suggestions, and present a detailed view of the plans for a future facility. Residents may drop in at any time during the period.

The plan is the result of many hours of planning and development and will provide a roadmap for development of the site in the future. Similar

facilities around the country have proven to be a wise investment for economic development, producing millions of dollars in direct and indirect economic benefits through spending on hotels, restaurants, entertainment, and shopping.

For more information on the project, visit the Boone County website and click on “Soccer Facility Update” on the homepage.
